Gossmann & Cie. is a Liability Management Company that provides holistic and data-intuitive solutions for the management of insurance risk-related liabilities. We support financial institutions including insurers, intermediaries, banks and institutional investors by structuring, managing and assuming risks and/or entities with the aims of refining their portfolios and of optimising their capital base. Our strong partnerships enable us to offer balance sheet resilience and execution on a highly flexible digital platform. Our foundation is a growing team of senior experts, deep (re)structuring and underwriting know-how, a wide network and strong performance discipline. In line with our vision to become a premier Liability Management Company we are aiming to invite a

Student as an M&A Trainee or Internship (m/f/d)

to join our international team and share our founding principles of innovation, entrepreneurship, belief in people, ecosystems and partnerships, and the fostering of trust, continuity and independence. In addition, we are able to support you in developing your Bachelor's or Master's thesis. Speak with us about your subject!

Underwriting and Portfolio Management at Gossmann & Cie.

We are seeking a highly motivated and qualified individual to join our team for a period between three and six months or longer. Entrepreneurial thinking and acting is a must-have. The person should also show a high level of commitment, team spirit and flexibility. We are open to discussing a part-time position after your internship.

The candidate will actively support the underwriting team and other specialists, be involved in operational and administrative project activities and go on occasional business trips.

Key Responsibilities/Tasks

- Direct participation in the transaction process
- Support with the evaluation of investment opportunities and subsequent elaboration of investment proposals
- Extensive quantitative and qualitative due diligence of companies and funds
- Independent creation and processing of financial models and presentations
- Creation of pitch and reporting presentations
- Conducting research as well as creating and processing market and company analyses
- Support with the content and formal preparation of e.g. calculations, decision templates and company presentations

Candidate's Profile

- Studies in mathematics or business mathematics, economics or business administration, or natural sciences (physics or similar) with good results
- Completed relevant internships (or training) in the consulting or financial services industry
- Project work experience, e.g. in underwriting, finance or risk management
- Fluency in English; any other language would be considered an asset
- Proficiency in MS Office (Word, Excel, PowerPoint)
- Analytical and strategic thinking and acting
- Hands-on attitude and willingness to work across interfaces

You will find further information about our company on our homepage. We look forward to receiving your application including cover letter, CV and a copy of all your references along with your salary expectations and earliest starting date. Please email your application to onboarding@gossmann-cie.com.
